

**D. DANIEL FERGUSON, FPET, SET
FIRE PROTECTION ENGINEERING TECHNOLOGIST****EXPERIENCE**

Daniel Ferguson has over 13 years of experience in the fire protection industry. He is currently a Fire Protection Engineering Technologist with Fire Protection Engineering Technologies, LLC. His responsibilities include project management, fire protection system design and specification, systems plan review, field inspections, and fire protection system and life safety consulting. He also provides support and development assistance in various fire sprinkler topics to several training organizations.

In May of 1996, Daniel earned a Diploma, with high honors, in Fire Protection Engineering Technology from Seneca College of Applied Arts and Technology in Toronto, Ontario, Canada. Upon graduation, Daniel began his career as a fire protection systems designer and consultant. His major responsibilities have involved the design and project management of fire suppression systems. He designed and project managed systems for various types of facilities including several warehouses, industrial plants, processing facilities, manufacturing facilities, hospitals, sports arenas, schools, high-rises, office buildings, shopping centers, and many residential structures. Daniel is an expert in fire suppression systems. Daniel has developed a very good handling of building, fire, and life safety code requirements, fire alarm systems, life safety functions, and special or unique hazards.

SELECT PROJECTS

- Sprinkler System Design and Management for Invesco Field @ Mile Hi – Denver, CO
- Sprinkler System Design and Management for Wagner Equipment – Aurora, CO
- Sprinkler System Design and Management for Gateway 49 Plaza – Denver, CO
- Sprinkler System Design for American Furniture Warehouse – Centennial, CO
- Sprinkler System Design for the Larimer County Fairgrounds – Loveland, CO
- Sprinkler System Design for Petco – Denver, CO
- Sprinkler System Design for Pikes Peak Community College – Colorado Springs, CO
- Sprinkler System Design for Davis County High School – Davis County, UT
- Sprinkler System Design and Management for Honua Kai Condominiums – Kihei, HI
- Sprinkler System Design and Management for Adaptec – Longmont, CO

PROFESSIONAL AFFILIATIONS

- Member, Society of Fire Protection Engineers
- Member, National Fire Protection Association
- Member, American Fire Sprinkler Association

PROFESSIONAL CERTIFICATION

- Senior Engineering Technician, NICET Level IV (Fire Sprinkler System Layout)
